Co-author statement in connection with submission of PhD thesis

With reference to Ministerial Order no. 18 of 14 January 2008 regarding the PhD Degree § 12, article 4, statements from each author about the PhD student’s part in the shared work must be included in case the thesis is based on already published or submitted papers.

Paper title: Intelligent Glazed Facades for fulfilment of future energy regulations

Publication outlet: 3rd Nordic Passive House Conference 7-8 October 2010, Aalborg Universitetsforlag, Aalborg

List of authors: Frederik V. Winther, Per Heiselberg, Rasmus L. Jensen

PhD student: Frederik V. Winther

Scientific contribution of the PhD student (all participating PhD students) to the paper:
The PhD student did all the calculations, analysis and writing of the article. The co-authors contributed with corrections and recommendations to the article, making the message of the article clearer.

Signature, PhD student

Signatures, co-authors

With reference to Ministerial Order no. 18 of 14 January 2008 regarding the PhD Degree § 12, article 4, statements from each author about the PhD student's part in the shared work must be included in case the thesis is based on already published or submitted papers.

Publication outlet: Submitted to Solar Energy

List of authors: Frederik V. Winther, Per Heiselberg, Rasmus L. Jensen

PhD student: Frederik V. Winther

Scientific contribution of the PhD student (all participating PhD students) to the paper:
The PhD student did the analysis, calculations, and writing of the article. The co-authors contributed with corrections and recommendations to the article.

Paper title: Numerical Description of Dynamic U-value Technologies

Publication outlet: Submitted to Building Simulation: An International Journal

List of authors: Frederik V. Winther, Per Heiselberg, Rasmus L. Jensen

PhD student: Frederik V. Winther

Scientific contribution of the PhD student (all participating PhD students) to the paper: The PhD student did all the experiments, model development, analysis, calculations and writing of the article. The co-authors contributed with corrections and recommendations for making the article clearer and more focused

Paper title: Experimental and Numerical Analysis of Modelling of Solar Shading

Publication outlet: Submitted to Journal of Building Simulation

List of authors: Frederik V. Winther, Per Heiselberg, Rasmus L. Jensen

PhD student: Frederik V. Winther

Scientific contribution of the PhD student (all participating PhD students) to the paper:
The PhD student contributed to the article with regards to writing, experiments, model development, analysis and calculations. The co-authors contributed to the article with corrections and recommendations to the articles contents and relevance.

Publication outlet: Submitted to Energy and Buildings

List of authors: Frederik V. Winther, Per Heiselberg, Rasmus L. Jensen

PhD student: Frederik V. Winther

Scientific contribution of the PhD student (all participating PhD students) to the paper:
The PhD student did the model development, experimental campaign, numerical and experimental analysis and the writing of the article. The co-authors contributed with corrections and recommendations to the improvement of the article.
